THE TELEGRAPH.

Friday Morning, May 14, 1880.

LOCAL NEWS.

—Mrs. Laura Farrington has been dangerously ill during the past week.

—Hook and line fishing at the Harbor has been very good during the past week.

—Thomas Mulligan, who has been an absentee for so many years from his home at the L. S. & M. S. station, has got back alive and hearty. The cause of his long absence is not stated.

—Strawberries were for sale by Tombs & Rockwell on Wednesday last, at 80 cents per quart. They came from Cincinnati.

—The hall room on Tuesday afternoon made some havoc with glass, and Storrs, Harrison & Co. were sufferers from the effect upon their green houses.

—Ex-Police Justice Richards has gone on a trip to Lake Superior for health and pleasure. He passed Ashtabula last Monday on the steamer Scotia.

—Several showers fell very timely on Monday last, much to the refreshment of the crops and not a little to the relief from the smothering dust of the streets.

—Messrs. Hall & Stevenson have on exhibition in their store, preserved in alcohol, a four-legged chicken. It was hatched on A. J. Rivers' place in Denmark.

—Every member of the Protection Fire Company is required to meet at 8:15 sharp at the armory of the Ashtabula Light Guards—on drill—this Friday evening.

—The new time schedule of the Franklin Division and Youngstown branch of the L. S. & M. S. Ry. and Ashtabula & Pittsburgh Ry. go into effect next Sunday.

—The attention of contractors is directed to advertisement of the County Commissioners in this paper, calling for sealed proposals for cutting and filling in the Gulf.

—Messrs. Thorpe & Pfaff speak favorably of their business since the present year came in. Up to Saturday last their business amounted to as much as during the whole of last year.

—Attention is directed to the new advertisement of A. C. Towne, the Harbor gun dealer. He is prepared to furnish any of the popular makes of guns at prices that are lower than the lowest.

—The Reporter has it that "Albert Field for many years landlord of the Fisk House, has moved to Fredonia, there to engage in the hotel business." It is not Albert, but his brother Harry.

—The tax levy by the Council for 1880 for payment of principal and interest is one mill; just half that was levied for this purpose last year, and not "just double last year's assessment" as published in the News.

—Stewart is the man for furnishing flag-stones and steps. He has released the porch of the Court House, and also the steps in front of the town hall at Jefferson. His Windsor quarry is unsurpassed in the quality of its stone.

—Ice cream was furnished last week by Bieder, and the call was sufficient to clean him out before the evening was half spent. As we write this notice—Thursday morning—it is cold enough to turn from such luxuries with a shiver.

—The lines of a school girl are creditable enough for a "school girl's" effort, but a little more practice will probably work an improvement, and the advantage be quite as well as if her earlier and less perfect effusions had not seen the light through the press.

An ugly rumor reaches us in regard to the Lake Erie & Shenango Valley Railroad. It is in substance that the L. S. & M. S. Ry. Co. has made a proposition to the company to build fifteen miles of track from Vernon to connect with the A. J. & P. Railroad. How much truth there is in this we cannot say.—Consensus Reporter.

"Didn't we tell you so?"

Ashtabula is teeming at the present time all the facilities of both places for moving buildings. Dub Sweet, the beam mover of Ashtabula, has the job of moving the house of J. Sam Blyth, while Capt. Pettis the beam mover of Geneva, has the job of moving the old Willard warehouse to the premises of Frank Pickering.

—The Grand Jury has found two indictments against Amos Lampman, one for keeping a room for selling intoxicating liquor, and another for selling liquor; and one indictment against D. W. Gary for selling liquor on election day. Elijah Marcellus of Dorset, has disappeared, against whom there are several indictments.

—The preparations for laying the foundation walls for the new building for the Ashtabula Trol. Co., are completed, and the masons will soon be at work. Mr. W. D. Castle, late foreman of the Geneva Trol. Co., with a force of men, is hard at work in one of the Phoenix Iron Works Co's buildings, turning out a supply of iron bands.

—Mr. P. Smith's dredge has met with several breakages during the past week while employed in the municipal job of widening and deepening the channel at the harbor, which has delayed the work considerably. He will, however, succeed in removing the ten-foot wide shoals according to contract, as he has yet seventeen days left in which to complete it.

—The work of grading Prospect street has been begun at the lower end opposite Judge Sherman's. The material—so far as it is suitable—is utilized for leveling up the holes on Lake street, and the grading has no other reference at present, than to secure, at the least expense of hauling, the material needed for the purpose named. A portion of it is said to be very good material for the purpose.

—The Standard man is still exercised about the unfortunate reputation of our town, and seems to think that he is not enjoying all the privileges to which his persuasion is generally credited. A questionable reputation is bad enough, but the possession of a liquorish tooth and the slandering record where it is supposed there is something to gratify it, without being able to reach it, must be perplexing indeed.

—Barry Carroll, James O'Connor, Wm. Dunning and James Hughes were arrested on 6th inst. for jumping on cars at L. S. & M. S. depot and each fined \$5 and costs by Justice Heath, and in default of which were sent to jail. On same day Chase Williams was arrested for drunkenness and fined \$2 and costs. On Wednesday last S. Tilton for drunkenness was fined \$2 and costs. Police Justice Heath reports business improving.

—A specimen of fine wood engraving is to be seen at the store of G. W. Dickinson. It represents seven figures of the deer tribe in various stages of growth in their native freedom, from the old sire to the dam and her offspring. They are gathered beneath an oak whose roots follow the interior of the rocky bed from which it starts, all of which is represented in hard maple, with equal skill and taste. Any one susceptible of the pleasures of taste will find it an object of interest to look upon and study.

—A free trade and handsome return in profits, are very likely to make a man generous and free. Looking for a bit of remnant to cover the planks we stand upon at our den, we strayed up stairs into Carlisle & Tyler's carpet room, where carpets of every description stretched in various directions over its spacious floors. Putting his hand upon a liberal roll—how that it will answer? Yes! Well, take it, and we can't stop to tell remnants. Its about all we can do to keep up with the demand for full suits.

—Miss Loring, a missionary from Syria, addressed a very full house at the Presbyterian church, on Sunday evening last, made up of the four several churches—Methodist, Congregational, Baptist and Presbyterian churches—on the subject of the people of Syria and the progress and hindrances of missionary labor in that field. The address elicited the close attention of the audience. The pastors of the several churches named were present with their people, and with the exception of Mr. Yingling, assisted in the services.

—This is a gorgeous and most exquisite world just now. The rich green carpet of the earth—the floral beauties of the fruits and plants—the pale and delicate green of the foliage, in its contrast with the meadows and pastures, the vigor and promise of the cereal growth—the clean tilted field—fitted for the reception of the seed—the delicious temperature of the air—the fragrant breeze, and the whole make all the more pleasant by the music of the feathered tribes, combining to lift the soul in gratitude to the author of all these enjoyments—these conditions for men's highest pleasure and welfare.

—A crowd of prize fighters, thieves, and pick pockets, including Rooke and Donovan, started from Erie last Tuesday morning for Long Point, Canada, where Rooke and Donovan were to indulge in a prize fight, Rooke and party had chartered the tug Dragon of Ashtabula and the Donovan party were aboard the tug Thompson of Erie. When they reached Long Point they found the Canadian authorities in waiting aboard a steamer. The tugs attempted to land further down, but were followed and prevented by the Canadian authorities. The tug Dragon then returned to Erie and the Thompson went on to Buffalo.

—The Rev. Hugh Bailey of Camden, N. Y., has accepted the call from the Vestry of St. Peter's Episcopal church of Ashtabula, and will commence his labors here on Trinity Sunday, 23d inst. From the Camden Journal we clip the following complimentary notice on the departure of Mr. Bailey:

It is reported in Utica papers that Rev. Hugh Bailey, Rector of Trinity church, has accepted a call to the Rectory of a church in Ashtabula, Ohio. The change has been anticipated for a long time by the Episcopal society here, as his salary has been very inadequate, and it was understood that he should leave when he wanted to. The parish he goes to is a much larger and wealthier one than this, and is more in keeping with Mr. Bailey's capabilities. It is with sincere sorrow that the news of his resignation of the Rectory of this church will be received, as his three years' service here has been a place in the hearts of his parishioners which it will be hard to fill. The good wishes of all who have known him here will go with him to his new charge.

—The Grand Jury has found two indictments against Amos Lampman, one for keeping a room for selling intoxicating liquor, and another for selling liquor; and one indictment against D. W. Gary for selling liquor on election day. Elijah Marcellus of Dorset, has disappeared, against whom there are several indictments.

—Stewart is the man for furnishing flag-stones and steps. He has released the porch of the Court House, and also the steps in front of the town hall at Jefferson. His Windsor quarry is unsurpassed in the quality of its stone.

—Ice cream was furnished last week by Bieder, and the call was sufficient to clean him out before the evening was half spent. As we write this notice—Thursday morning—it is cold enough to turn from such luxuries with a shiver.

—The lines of a school girl are creditable enough for a "school girl's" effort, but a little more practice will probably work an improvement, and the advantage be quite as well as if her earlier and less perfect effusions had not seen the light through the press.

An ugly rumor reaches us in regard to the Lake Erie & Shenango Valley Railroad. It is in substance that the L. S. & M. S. Ry. Co. has made a proposition to the company to build fifteen miles of track from Vernon to connect with the A. J. & P. Railroad. How much truth there is in this we cannot say.—Consensus Reporter.

Gary for selling liquor on election day. Elijah Marcellus of Dorset, has disappeared, against whom there are several indictments.

Ordination.

The ordination of the Rev. Mr. Peckman—the new pastor of the Baptist church of this village—took place on Wednesday by a council of the order. The usual ceremony of right-hand-fellowship, the laying on hands, the address of the church, and the sermon, occupied the evening, and called together a full congregation. These several parts were performed by competent and respectable men. The ordination prayer, by an aged gentleman, showed a well balanced Christian brain, and a heart fired by a true inspiration and growth in grace. The sermon was by Rev. Alexander McFarland—a graduate of the Springfield Seminary—a young Scot, who we understand was a Brooklyn pastor—a man of vigorous thought and ripe scholarship, and apparently endowed with the qualities of energy, application and a realizing sense of the character of his mission, such as will secure growth, and a stalwart piety that will place him in the fore front as a worthy and successful defender of the faith. The proceedings were highly satisfactory and filled the true idea of the occasion. It was honorable to the church and to the Master, in whose service it was a presentation and offering.

Mr. Peckman who thus fills the pastoral office of the church, enters upon his first charge, and so far as he has been placed in a situation to enable the formation of an opinion, he makes a favorable impression, and affords and earnest of usefulness and respect. We hope to hear and see more of him, and speak more freely of him as we may have better opportunities for taking his moral and mental stature.

A Pleasant Affair.

On Monday evening last a squad of 14 members of the Geneva Rifles, under command of Captain Woodruff, paid a return visit to the Ashtabula Light Guards, Co. G, 10th Regt. O. N. G. The Geneva boys came in carriages, and were met at the Centre street railroad crossing by Co. G, with the Juvenile Brass Band and a detachment of the Ashtabula Light Artillery, 3d Battery O. N. G., accompanied by Scoville's Cornet Band, and escorted to the armory of Co. G. The exercises consisted of squad drill and bayonet exercise by Co. G, followed by a fine exhibition drill by the visiting militia. The Geneva company has not been organized but little over a year, but they went through the manual of arms with the precision of veterans, and were frequently cheered by the hosts and spectators present. Cigars and lemonade were furnished by the Guards and our Geneva friends returned at a late hour, well pleased we think by their cordial reception.

The artillery fired a salute of three guns when the procession reached the armory which shook up the inhabitants of Spring street in a lively manner.

In behalf of the members of the Ashtabula Light Guards, Company G, 10th Regiment O. N. G., we herewith return thanks to Scoville's Cornet Band, the Juvenile Band, and the officers and members of the Ashtabula Light Artillery for their kindly assistance in the reception of Company G of Geneva, last Monday evening.

E. H. Gilkey, Captain.
W. B. Munnely, 1st Lieut.
E. H. Frazier, 2nd Lieut.

Nuisances.

The attention of the Health Officer has been called to the fearful stench that comes from the vicinity of a certain barn near Fort Hill; it is said one Jack Mahoney procured several hundred ducks of the girl net fisherman which he took there for the purpose of plucking the feathers, and then threw the birds in a pile, where he left them. The stench resulting from the putrifying mass is horrible and will be abated by the police.

The attention of the Health Officer has also been directed to a large hole filled with water on the street between Bridge and Walnut streets at the Harbor, into which three little children have fallen during the past week. The life of one of the children was nearly lost, it being by the greatest effort that it was resuscitated. The hole was dug by a party of coal heavers for bathing purposes.

Ashtabula Common Pleas.

Judge Sherman on the bench.
Monday—Joseph Cooper vs. William Arnold. Confirmation of sale of land.
Wm. White vs. Calvin D. Rockwell. Cause continued.

Justin C. Fenton and Simon S. Bartlett, et al. Foreclosure in favor of plaintiff.
Tuesday—Amos K. Field vs. Wm. R. Puffer. Verdict for plaintiff.
Higgins & Judson vs. Wm. R. Puffer. Verdict for plaintiff.

Wednesday—Amos Morgan vs. Elbridge T. Early; Thos. Kitt vs. Thomas Ellbridge; Raymond, Lowe & Co. vs. Rollin C. Sheldon. The foregoing cases dismissed without prejudice.

Admr's Est. of Erasmus Hulet vs. Zedediah H. Thompson; David W. Gary vs. Geo. Culley et al.; Sarah Lampman vs. Amos Lampman. These causes were continued.

Petit Jury were discharged on Wednesday last Monday, May 10th.

Bro. Reed, if you will please give the names of the persons "coming to Ashtabula to live" from Geneva. It will be real news to us. Geneva has not missed any of her citizens, who have gone in such direction very lately, that we are aware of.

Why, certainly. The latest arrivals are Mr. and Mrs. Chas. Tinker, Mr. and Mrs. W. D. Castle, his mother, and two children. Total seven. Besides these there are about thirty more persons who have made arrangements to come within the next 40 days. Perhaps it would be well for us to here remind you again of several who have shifted to this town during the past few years. Here are part of them: Frank Gregory, C. O. Tinker, J. W. Chamberlain, B. Webb, V. T. Webb, J. E. L'Hommedieu, Thos. Brett, O. B. Clark, Dr. L. B. Bartlett, J. Bieder, Alfred Castle, F. G. Fardon, W. W. Wood, E. H. Wood, E. K. Chapman, John Van Epps, Chas. Sullivan, Peter Allen, Henry Arnold, C. E. Belknap, John Tracey, A. A. Adams, Milo Austin. These gentlemen with their families will make about 100 persons.

BOARD OF HEALTH.

First Meeting of the New Board—Preparation for the Summer Work—Justifying Statistics by the Health Officer.

The Board of Health met in the Council Chamber last Tuesday in special session; present, Mayor King, Clerk, Health Officer Case, and Dr. J. C. Hubbard, H. H. Topy, Frank Gregory, U. E. Swift, H. H. Hall; absent, James Reed. Minutes of last meeting read and approved.

The oath of office was administered to Dr. J. C. Hubbard.

The Health Officer submitted the following report, which was received and ordered on file:

TO THE HONORABLE BOARD OF HEALTH OF THE VILLAGE OF ASHTABULA:

I herewith submit my annual report for the year ending Dec. 31st, 1879. No. of complaints made, 29; No. of notices issued, 18; No. nuisances abated, 17. The regulations of the Board adopted several years since, as a literary production are not a success. There are many repetitions, some contradictions, and many passages of doubtful meaning. Some of the most important regulations do not appear in the printed copies, having been adopted since they were printed. I would recommend that a committee of three be appointed to revise the regulations of the Board and report at a special meeting to be called for that purpose.

I would suggest to the Board the appointing of three or four sanitary inspectors, whose duty it shall be to make a personal inspection of every lot in the village used as a place of residence or for mechanical and mechanical purposes, as to its sewerage, the condition of all drains, out-houses, and in case any are found in a filthy or unhealthy condition, to report the same to the Health Officer. This Board should likewise recommend the appointment of a competent person to serve under the direction of the Health Officer as permanent sanitary inspector, or in other words, that the Board create the office of sanitary inspector.

I would call the attention of the Board to the necessity of some action in regard to the matter of vaccination. Should the Board appoint the sanitary inspectors previously recommended, they could ascertain the number and residences of all unvaccinated persons, and the Board should extend to all persons unable to pay for the same some provision for gratuitous vaccination.

For many of the duties devolving on the Health Officer, as making annual report compiling reports of births, deaths and interments, the prosecution of persons violating regulations of Board, &c., no compensation is made. Would suggest that a reasonable compensation in the way of an annual salary be substituted for the payment by fees now in force.

The Board should authorize the Clerk to procure for the Health Officer a book for the recording of births and deaths, and blanks for reporting cases of infectious diseases. To a professional or business man time is money, and I would recommend that such a book, for instance, for each name reported, be allowed, all persons required to make a report of births and deaths.

The well on Main street, sunk by order of the Council last year, has been during the winter and spring in a very foul condition, the water being largely contaminated by filth from the gutter; unless the repairs recently made should obviate this difficulty it should be promptly condemned and suppressed by this Board as a nuisance.

So far as I am able to learn the condition of things at the Harbor on Bridge St., are likely to be worse, if possible, than last year. This Board should again urge upon the Council the necessity of sewerage that street from the stone culvert to the river as recommended last year. Accompanying this report is the report of births and deaths for the year ending Dec. 31st, 1879. I would call your attention to the fact that out of 34 deaths the age of which was reported, 29 were of persons under 5 years of age. Can any thing be done to save the lives of our four children? This enormous "slaughter of infants!" All which is respectfully submitted.

F. D. CASE,
Health Officer.

Whole number of births for year ending Dec. 31st, 1879, 93; No. boys, 35; No. girls, 57; pairs twins, 2; not reported, 1.

Whole number of deaths for the year ending Dec. 31st, 1879, 60:

Under 5 years	29
5 to 10 years	1
10 to 15	0
15 to 20	0
20 to 30	2
30 to 40	3
40 to 50	4
50 to 60	4
60 to 70	4
70 to 80	4
Over 80 years	2
Not reported	6
Total	60

CAUSES OF DEATH.

Apoplexy	1	Heart Disease	4
Bowel Disease	1	Inflammat'n bowels	1
Bright's	1	Killed by cars	3
Cancer	2	" " " " "	1
Cholera Infantum	2	Menstruation	2
Consumption	1	Onset of Lung	1
Convulsions	1	Paralysis, spinal	1
Diarrhea, Chronic	1	Pneumonia	2
" Infantum	8	Still born	3
Dropsy	3	Throoping Cough	1
Erysipelas	2	Dysentery	2
" " "	2	Not reported	6
Total	60	Erysipelas	1

There were eight deceased persons interred in Chestnut Grove Cemetery who were not residents of Ashtabula.

Health Officer Case tendered his resignation; no action.

Mr. Hall offered the following motion which was carried:

That the Health Officer be and he is hereby authorized to deputize the sanitary police, without extra cost, to make inspections.

Mr. Hall gave notice that at next regular meeting he would offer a resolution amending the duties of Health Officer.

Motion was made by Dr. Hubbard which was duly carried that a committee of three be appointed by the Mayor, to confer with gardeners and ascertain what they will charge for removing accumulations once each month from all privies in the corporation. Hubbard, Topy and Swift were appointed such committee.

Mr. Hall was excused.

The President announced the following committees for the ensuing year:

Sanitary—Hubbard and Topy.
Nuisance—Hall and Gregory.
Accounts—Reed and Swift.

Regulations—Swift and Hubbard.

Adjourned to Tuesday evening, 18th inst., at 8 o'clock. JAMES REED, JR.,
Clerk of Board.

Anticipating making a little change in business, I promise to sell \$2,000 worth of Gold Watches without much regard to cost.

G. W. Dickinson, Ashtabula.

BASE BALL.

A very interesting game of ball was played on the fair ground in Jefferson last Friday afternoon between the Occidentals of that town, and the Ashtabula club, resulting in the victory for the latter club by a score of 10 to 12. The victory of the Ashtabula club was quite a surprise to its friends here, as it has but just been organized, and not much confidence was placed in it, while the Occidentals club is comprised of some of the best players in the county. The strength of the Ashtabula club is in batting, though the pitching, catching and fielding were excellent. The work of the McKnight brothers, pitcher and catcher of the Occidentals was highly complimented by the spectators. A return game will be played here at an early day.

A base ball club was organized last week as follows, R. C. Phelps Captain, J. W. Gary Secretary and Treasurer. On Saturday afternoon a pick nine game will play on the Driving Park.

MARINE NEWS.

ARRIVED.

May 7. Scow, J. W. Porter, light, from Buffalo.

May 8. Schr. Geo. H. Ely, ore, from Marquette.

May 12. Schr. Wm. M. Gregor, ore, from Escanaba; schr. Geo. H. Waddington, ore, Marquette; prop. J. N. Glenn, ore, Marquette; schr. Sophia Minch, ore, Marquette.

May 6. Schr. H. A. Moss, coal, for Houghton.

May 8. Schr. Helena, light, for Escanaba.

May 8. Scow J. W. Porter, staves, for Buffalo; schr. Geo. H. Ely, light, for Marquette.

May 11. Ertle, coal, for Escanaba.

—The Queen City has been chartered for coal from this harbor to go to Chicago, at 60 cts.

—From the Colton, Cal., Semi-Tropic of March 27th, we learn that Mr. L. W. Smith and son have gone to Globe, Arizona. A Colton wag inflicts the following verses upon the public on the departure of Joems:

Oh Jimmy, me boy,
Me prairie me boy,
You've gone way out to Arizona,
You've left me here all alone,
Me heart's a-burnin' for you,
Why don't you come back to me honey.

That's the hands of folks who think
Sure they're full of the blues,
That look like the devil was in 'em,
For your fingers so quick
They're so quick to shake 'em,
That you're thro' 'fore you'd think to begin 'em.

But the Indians are there,
With their bodies all bare,
And a prairie me boy,
In the fire this night, you dear,
An' ye're too 'fore 'em,
This ye'll wish ye'd stayed with us here.

An' ye're thro' 'fore you'd think to begin 'em,
But the Indians are there,
With their bodies all bare,
And a prairie me boy,
In the fire this night, you dear,
An' ye're too 'fore 'em,
This ye'll wish ye'd stayed with us here.

So Jimmy, me boy,
Me prairie me boy,
Come back to me honey,
An' we'll go a-gunnin',
An' have lots of fun,
Footin' the boys, won't you honey?

—Our new mail carrier—Mosher—had a little bout with that frisky animal of his on Wednesday last. Thomas had been treating himself with a new top to his buggy, about which there had been no interview with the colt. He had driven through the Root Lane, and upon turning the corner into Park street, he caught sight of it, and all the latent energies of his being were mustered in an instant. Such jumps and simultaneous kicks, were never seen from so sedate an animal.

It was found before reaching the Baptist church, that that colt had the freedom of the Village, and there was no holding her. She was therefore reined up to the church and brought up as if she had been given three turns around a snubbing post. The buggy was badly demolished, the maple cross-bar silvered, the mare's heels cut, but Thomas came out unhurt and reached the station with the mail, on time. The dignity of the U. S. Mail probably was never thought of by that colt.

—The Trustees of the North Eastern Mutual Aid Association held a special meeting on Tuesday last. The officers inform us that the prospects of success are most encouraging in every direction. Messrs. White and Barton are spending a few days in this place to bring the matter promptly before the business men of Ashtabula. Believing it to be the best and cheapest co-operation Association yet organized we trust they will meet with the success they deserve, and the Association merits.

GOLDEN OINTMENT.—1 oz. oil of origanum, 1 oz. balsam of 1/2 oz. pulverized root of Golden Seal, 1/2 oz. unsalted butter, 4 oz. mutton tallow, 1 oz. bees wax. Melt the butter, wax and tallow together in a clean porcelain or tin kettle, then add the other ingredients, after first working together the golden seal with the oil. Let all simmer together a few minutes stirring constantly until cooled, then close up in boxes or jars. This ointment is excellent for rheumatism, erysipelas, salt-rheum, bruises, corns, burns, or any skin disease. To be taken internally when used externally. Mrs. Crocker's remedy, which we can heartily recommend having used it in our family, and prepared it for others for the last five years.

THE HORSE.—Dr. B. J. Kendall's Treatise on "The Horse and his diseases," one of the most complete and reliable works of the kind published. By the aid of this work, much may be done to relieve many of the ailments to which the horse is subject. Price 25 cts. To be had at this office or at C. E. Swift's drug store.

I intend to change my business and offer my stock of Crocker's at your own price, at A. C. Bootes'. 84-47

—Field and Garden Peas at Savage Bros'. 84-85

—The best in the market. Made by Clemens Bros., Geneva. North Centre. F. E. Fassett & Bro., agents for Ashtabula and vicinity. 81-88

Milk Tickets.

We have a stock of printed milk tickets, pints and quarts; just the thing for small dealers. Price 40c a hundred.

James Reed & Son.

FROM OUR EXCHANGES.

Consensus Reporter.

Congratulations are in order to our friends, Mayor Cox and wife. It is a girl.

On Tuesday evening as the accommodation was approaching Ambury the engine of the S. H. Hovey, discovered a rail placed on the south track. The train was stopped and the obstruction removed. One end of the rail was fastened under a tie, and the rail was placed across one of the rails.

The latest advice from Daniel's Avenue is, that there is joy in the house of Hunt, and this week Geo. is able to furnish us with a living item, that the beam kicks at nine pounds and seventeen ounces, and a victor at that. Thrillity that George signs now after passing the cigars is:

—And the ladies all say as the pass me by, There goes the beauty of young Hungarvay.

This is nearly 10 pounds and 1 ounce—Elys. Tex.

—The dwelling house of Hiram Woodworth in the east part of Denmark, was burned at 4 o'clock a. m. on Monday May 10th, with the entire contents. Cause of fire unknown. Loss about \$600.

Rock Creek Banner.

Mrs. M. A. Prosser, milliner of Ashtabula, had on exhibition at this place on Monday and Tuesday of this week, the finest display of millinery and fancy goods ever brought to this town.

Mr. H. R. Latimer, who had made arrangements to take the agency in this county for the N. E. Aid Association of Ashtabula, has resigned in favor of Dr. F. H. Geer. If Dr. Geer takes hold with his usual energy, he will make the Co. a valuable agent. The plan of insurance we believe to be the most perfect of any that has come to our notice.

Painesville Telegraph.

The new docks of the Painesville & Youngstown Railway Company at Fairport are completed, and vessels are now daily arriving with ore. There is a depth of 16 to 18 feet of water in the harbor from outside the piers to the upper docks.

Cal. Hoffman was arrested last week on charge of an attempted outrage upon the wife of Mr. Martin Bower, who resides on the farm of Mr. H. Woodworth. His examination took place before Justice Huntington last Monday and being unable to get bail was committed to jail to await trial at the next term of Common Pleas Court.
